

Safeguarding Policy

Designated Safeguarding Officer: Sharon Bullock

Designated Safeguarding Officer Contact details: 0151 480 8818

Date: September 2020

This policy will be reviewed every 12 months

Core Safeguarding Principles

The Education Specialists acknowledges the duty of care to safeguard and promote the welfare of children and vulnerable adults and is committed to ensuring safeguarding practice that reflects statutory responsibilities, government guidance and complies with best practice requirements. All children and vulnerable adults, regardless of age, disability, gender, racial heritage, religious belief, sexual orientation or identity, have the right to equal protection from all types of harm or abuse. This policy applies to all internal staff at The Education Specialists as well as temporary workers, candidates and contractors. The Education Specialists is fully compliant with Keeping Children Safe in Education – September 2020. The Education Specialists is committed to ensuring their work is consistent with safeguarding and promoting the welfare of children and vulnerable adults. All candidates placed by The Education Specialists are expected to take all reasonable steps to ensure they are alert to possible child abuse and neglect, and to familiarise themselves with arrangements for safeguarding children in the schools where they are placed.

Safeguarding Aims and Objectives

This policy is designed to meet the above principles by ensuring that:

- Those who are known to be unsuitable do not gain access to children or vulnerable adults.
- Those who become unsuitable are detected at the earliest stage and prevented from continuing to work with children and vulnerable adults.
- Those who intend to do harm are prevented at every possible stage from entering the work force.
- It is as simple as possible for an individual to report that they are being harmed or feel at risk of being harmed.
- Clear procedures will be implemented where child protection issues arise.
- Effective management is provided for staff, temporary workers, candidates and contractors through support and training.
- All necessary checks are made on staff, temporary workers, candidates and contractors.
- The Education Specialists stays up to date with developments on safeguarding best practice, reporting and auditing our safeguarding activities annually and reviewing and updating our policies and practices every 12 months.
- Those who are identified as being at risk of abuse are afforded every practicable protection by The Education Specialists and our subcontractors/partners.
- The Education Specialists will report any concerns regarding any individual, or any potential safeguarding situation that it becomes aware of as soon as practicable to the appropriate authority.
- Those we discover are being abused are afforded the relevant protection and assistance by the relevant bodies as soon as practicably possible.

- At an individual and collective level employees are involved in ensuring Safeguarding is embedded across our services to ensure a whole organisation approach so that individuals are adequately covered by this policy.

Recruitment and Selection Process

The Education Specialists are also committed to protecting children and vulnerable adults through a careful recruitment and selection process and guidance on appropriate behaviour. The Education Specialists's rigorous procedures ensure that any candidate found to have a history of unacceptable conduct or practice will not be placed. As part of our safeguarding policy The Education Specialists will:

- Promote and prioritise the safety and wellbeing of children and vulnerable adults.
- Ensure all candidates undergo a full compliance process.
- Ensure everyone understands their roles and responsibilities in respect of safeguarding and is provided with appropriate learning opportunities to recognise, identify and respond to signs of abuse, neglect and other safeguarding concerns relating to children and vulnerable adults.
- Ensure appropriate action is taken in the event of incidents/concerns of abuse and support provided to the individual/s who raise or disclose the concern.
- Ensure that confidential, detailed and accurate records of all safeguarding concerns are maintained and securely stored.
- Prevent the engagement of unsuitable individuals.
- Ensure robust safeguarding arrangements and procedures are in operation.

This policy will be widely promoted and is mandatory for everyone involved in The Education Specialists. Failure to comply with this policy and the company's safeguarding procedures will be addressed without delay and may result in disciplinary action.

Abuse and neglect

All candidates will be aware (through training) of indicators of abuse and neglect so that they are able to identify cases of children who may be in need of help or protection. Candidates are reminded that if unsure, they should always speak to the designated safeguarding lead (or deputy).

- Abuse
- Physical abuse
- Emotional abuse
- Sexual abuse
- Neglect
- CSE and CCE are forms of abuse

Additional information and support

Departmental advice [What to Do if You Are Worried a Child is Being Abused - Advice for Practitioners](#) provides more information on understanding and identifying abuse and neglect.

Examples of potential indicators of abuse and neglect are highlighted throughout the advice and will be particularly helpful for school and college staff. The NSPCC website also provides useful additional information on abuse and neglect and what to look out for.

Responsibilities

All staff, temporary workers, candidates and contractors placed on assignment are responsible for supporting safe behaviour and have responsibility to follow the guidance laid out in this policy and related policies, and to pass on any welfare concerns using the required procedures. We expect all staff, temporary workers, candidates and contractors to promote good practice by being an excellent role model; contributing to discussions about safeguarding; and to positively involve people in developing safe practices. All staff, temporary workers, candidates and contractors should: Read, understand, accept and act in accordance with this policy.

- Be vigilant and follow professional codes of conduct to maintain professional boundaries.
- Report any concerns or disclosures related to the protection and safety of children and vulnerable adults.
- Undertake mandatory child protection and vulnerable adult training and awareness sessions where provided.
- Help educate learners, including children, young people and adults in matters of keeping safe, and acting as a good role model. All staff, temporary workers, candidates and contractors working through The Education Specialists are expected to keep children safe by contributing to:
 - Providing a safe learning environment.
 - Identifying children who are suffering or likely to suffer significant harm and taking the appropriate action with the aim of making sure they are kept safe at home and in the education setting.
 - Making a note and reporting to the designated member of staff any major incident, or signals which give cause for suspicion or concern. It is the candidate's responsibility to adhere to the specific guidelines set out in each Client's own safeguarding policy.
 - Under no circumstance should a candidate intervene on his or her own.

Reporting and barring referrals

The Education Specialists has a process for raising and reporting safeguarding concerns which is available to all candidates and clients. The Education Specialists refer to its Allegation and Misconduct Policy.

Local Authority Designated Officer – LADO

In accordance with Working Together (2018), where an organisation has received an allegation that a volunteer or member of staff who works with children has:

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child; or
- behaved towards a child or children in a way that indicates they may pose a risk of harm to children

A referral should be sent to the Local Authority Designated Officer (LADO) within one working day, giving as much detail as possible.

Duty to make a referral to the DBS

Where there is evidence that anyone has harmed, or poses a risk of harm, to a child or vulnerable adult, there is a legal duty on The Education Specialists to report that person to the Disclosure and Barring Service using their guidance. Available here <https://www.gov.uk/guidance/making-barring-referrals-to-the-dbs>. The DBS has statutory authority to bar a person from working in regulated activity with children and/or vulnerable adults in the UK.

Referral to the DBS will also be made if the person resigns prior to an investigation being carried out or reaching its conclusion. If the accused person resigns, or ceases to provide their services, this should not prevent an allegation being followed up in accordance with this guidance.

The Education Specialists will not make any compromise/settlement agreement in the case of a person deemed unsuitable to work with children. Any such agreement which contained a condition of not referring the case to the DBS would constitute a criminal offence.

Anyone who is concerned about a child's or vulnerable adult's welfare or who believe that a child or vulnerable adult may be at risk of abuse should pass any information to the DBS or other appropriate authority as soon as possible and no longer than 24 hours after the initial concern.

The Education Specialists will make clients and candidates aware of the Safeguarding Policy through

- The interview with the candidate
- Displayed on the website
- Displayed in each branch.

All staff and candidates must be aware that they have a professional duty to share information with other recruitment businesses in order to safeguard children and vulnerable adults. The public interest in safeguarding children and vulnerable adults may override confidentiality interests. However, information will be shared on a need to know basis only, as judged by The Education Specialists.
